

The Blossom Charity Development Award

We would really appreciate it if you could take a few minutes to complete this evaluation form. Evaluation is very important to us for many reasons.

Firstly we like to ask you where you are now in your life circumstances and how you feel, so we can get to know you better. This will enable us to help you in a more personal way, making sure you can get the most out this experience. We will also ask you to complete a post evaluation form at the end of your course, so we can clearly see the changes you've made.

Secondly, the majority of the courses we run are funded by grants. When applying for grants we use this data to help express what we do. When grants are awarded, data is used to help keep the funders up-to-date and targets are used to show the rate of success. All data we use will be anonymous and we promise not to share your personal information with third parties.
